EMPLOYMENT

JUNIOR CONSULTANT(INTERNSHIP) **BACK MARKET** **Feb 2024-Present**

As a Junior Consultant for Back Market, I provide services in the form of:
- Consistently innovating mobile application features, implementing user-centric designs to elevate user experience.
- Market research on technological features that work.
- Weekly reports and analysis on research results.
- Creating Figma prototypes on propositions.

ZIYAD TECH LTD

TECHNICAL SOLUTIONS MANAGER(HYBRID) **May 2023-Jan 2024**
- I worked to provide technical solutions for our partner companies.
- I operated through research and analysis of technologies and companies, providing detailed reports and managing my solutions from inception to delivery.
- I did this through delegation of software leads, providing guidelines on induction and implementation, as well being the primary contact point between our Engineering and Sales team.

SOFTWARE ENGINEER(HYBRID) **Sep 2022-May 2023**
- I took a key role in developing the software solutions required by our partner businesses, as well as researching and integrating already existent technologies into said business's frameworks.
- Technologies include, but are not limited to; C, Python, Swift, JavaScript, Node.js, Express.js, MongoDB, React.js.
- Due to my active role in the company's projects with multiple businesses, I was offered a promotion to Technical Solutions Manager 9 months into my position as a Software Engineer.

WEB ENGINEER(ONSITE) **LANESA PHARMA** **Aug 2023-Dec 2023**
- Develop front-end and back-end solutions using HTML5, CSS3, JavaScript, React, Node.js, Express, MongoDB, PHP.
- Conduct thorough testing and debugging for issue resolution.
- Monitor and maintain performance, security, and reliability, handling updates and optimizations.

SHOPIFY DEVELOPER(REMOTE) **AYRES ORIGINALS** **Aug-Sept 2022**
- Customized Shopify themes using Liquid, HTML, CSS, and JavaScript for a user-friendly shopping environment.
- Integrated third-party apps and payment gateways to enhance functionality.
- Implemented robust security measures for customer data protection.
- Conducted SEO activities for enhanced search engine visibility and organic traffic.

MOUNTAIN SLOPES INTERNATIONAL

SENIOR WEB DEVELOPER(REMOTE) **Apr-Aug 2022**

I received a promotion to a managerial position within the same organization:
- Led a four-member development team, defining project scopes, priorities, and timelines.
- Data-Driven Framework: Enhanced efficiency through data analysis, implementing decision trees in decision analysis.
- Quality Assurance: Ensured high-quality, reliable code through rigorous testing and peer code reviews.

WEB DEVELOPER(HYBRID) **Aug 2021-Apr 2022**
- Crafted user-centric interfaces by blending UX and UI principles to boost engagement.
- Collaborated efficiently with cross-functional teams—Product Managers, designers, CRM specialists.
- Utilized HTML, SCSS, CSS, JavaScript, PHP, GitHub, Git, and VS Code.
- Implemented backend principles and REST architecture for seamless integration.
